<p>1. 研究成果の概要</p> <p>In a learning institution context, interactions between students and faculty and professional support staff happen in different ways. First impressions. Physically, students can interact with their faculty and staff in either class or in the general learning environment. The research tries to analyze the value and significance that profile photos for university faculty and staff has, especially while communicating with students online. This is because, faculty and staff don't have their profile photos and this can impact on the communication aspect between them and students online.</p> <p>A literature review was conducted and survey questionnaire were developed. Translation of the survey questions from English to Japanese are still ongoing.</p> <p>2. 著書・論文・学会発表等（査読の有無及び海外研究機関等の研究者との国際共著論文がある場合は必ず記載）</p> <p>【論文（査読あり）】</p> <p>【著書・論文（査読なし）】</p> <p>【学会発表等】</p> <p>3. 主な経費</p> <p>Funds were used for basic IT and office supplies were used in this research.</p> <p>4. その他の特筆すべき事項（表彰、研究資金の受入状況等）</p>
